## MEMORIAL DAY PROGRAM

Central High School will be holding its 97th Annual Memorial Day Program on Friday, May 24, 2019, at 9:20 AM in front of the school on Losey Boulevard. This has been a traditional ceremony at Central since it was initiated in 1923. It is a patriotic holiday and its purpose is to honor American Service personnel who gave their lives for their country. The ceremony will include an impressive flag presentation, Central's Robed Choir, and the main address given by an honored guest speaker. To the best of our knowledge, it is the longest running high school observance in the nation. The National VFW, National American Legion, USA Today, or the Library of Congress have not disputed this fact.

## ATTENTION SENIORS!!!

**We want to include your individual honors in the Graduation Program! If you are receiving and accepting any scholarships, please stop in the Student Services Office by FRIDAY, MAY 3, 2019 with the information.**

**If you are notified of scholarships after May 5th, please let Student Services know immediately. The Central High School Scholarships presented at the April 29th Senior Scholarship Program will automatically be included in the program.**

## EARLY GRADUATION

Those students who are considering graduation early, either one semester or a full year, should take into consideration that not all universities look favorably on those students who graduate ahead of their class. Some universities in the University of Wisconsin system have expressed to us that they WILL NOT accept early graduating students for admission. They feel that all students benefit from attending high school for a full four years.

## SENIOR YEAR COURSE LOADS

Universities are looking for students who are taking a challenging course load their senior year in high school. A student's senior year courses are extremely important because they give the foundation that is necessary to prepare for the academic rigors of college. Many students entering college do so with four years of math, science, English, and social studies along with two additional academic credits that they have earned in high school. One of the considerations universities base their admission decision on, is the extent to which a student takes above and beyond the "minimum" high school course requirements. If you think that your senior's course load could use a boost, call their counselor.

## COLLEGE VISITS

Juniors, if you are thinking of attending a college after high school, you are strongly encouraged to visit colleges over the summer. This will give you a better idea as to what the campus is like and provide valuable information regarding the application process. The Wisconsin Private Colleges offer a special week for visits. It will take place the week of July 8-13, 2019. By attending, you will receive an application fee waiver at each college you visit. For more information, call any campus and reserve your space or go to <http://www.wisconsinprivatecolleges.org/private-college-week>. The Iowa and Minnesota Private Colleges offer special weeks, as well, for visiting their campuses. Iowa's is not posted yet but is usually at the end of July or early August. Minnesota is the week of June 24-28, 2019. Visit Iowa at [www.iowaprivatecolleges.org](http://www.iowaprivatecolleges.org) and Minnesota at [www.mnprivatecolleges.org](http://www.mnprivatecolleges.org).

## SUMMER EXPLORATION

Summer is a great time for students to take advantage of opportunities to learn about themselves, the world of work and post-secondary options. Students should be sure to check out the Summer Opportunities binder in Student Services to locate volunteer and educational programs. These experiences also look good on future job and college applications. Some of the opportunities we recommend are:

Volunteering: Volunteering provides an opportunity for students to gain real life experiences and to develop skills needed in work environments. Volunteering is fun and helps individuals feel good about themselves and others. Volunteer opportunities can be found through the local newspaper, or students can check with nonprofit organizations they would be interested in helping.

Employment: Through summer employment students develop job skills, which will help build their resume. A summer job gives students a sense of accomplishment and teaches them responsibility while making some money. Students may find potential jobs in the local newspaper, on the job board outside Student Services, apply to businesses in person, or at the Wisconsin JobNet website:  
<http://www.wisconsinjobcenter.org/jobseeker/jnredirectprod.htm>

## FINAL TRANSCRIPTS: SENIORS ATTENDING COLLEGE

Seniors: If you are attending college in the fall, a final transcript needs to be sent to the college you plan to attend. This is a very important step! Final transcripts are not automatically sent by Central. Students need to request the transcript using Parchment. Students do not have to wait until graduation to request the final transcript—the request can be made now and the transcript won't be sent until final grades are posted. To use this option, students need to select "Next Grading Period Transcript" when making the request on Parchment. A link to Parchment is on the Central website. If you have any questions please contact Diane Silha, Student Services Secretary at 789-3006 or your senior's counselor.

## PRECOLLEGE PROGRAMS

Precollege programs and summer camp information for youth in grades PK-12 are available at <http://precollege.wlearn.com/>. These programs cover a wide range of subjects from computer to basketball camps, from music and art to cheerleading and study skills. Programs currently displayed on the website occur from Spring 2019 through the next academic year at campuses throughout the University of Wisconsin System.

## UPWARD BOUND

The Upward Bound project at the University of Wisconsin-La Crosse provides programming to help prepare high school students for post-secondary success. Students who are part of this program receive academic support, guided experiences, volunteer and job shadow opportunities, and much more.

Upward Bound is currently seeking applications from high school freshmen and sophomores. Students are eligible to apply if they meet the low-income guidelines or if neither parent in their home has a four year college degree. Go to <http://www.uwlax.edu/upbound/> for more information about the program. To apply, click on “Become Upward Bound”.

## AHEC CONNECT

AHEC Connect is a mentoring program open to upperclassmen interested in health care careers. In this two-step program, each high school student will receive two mentors—a college student pursuing a health care degree and a health care professional working in the field. This unique mentoring program is a great way to learn if healthcare is the right choice for you, the steps you need to take to achieve your dreams, and will answer any questions you may have regarding the profession or college. If you would like to be matched for the Fall semester or want more information, please contact Nicole Thill at Scenic Rivers AHEC, at 608-487-3838 or [www.scenicriversahec.org](http://www.scenicriversahec.org).

## **College Financing 101**

It can be challenging trying to figure out how to pay for college. The ever-increasing cost of education has fueled the growth of student loans. Here a few tips to help guide you and your student through the process.

If your student is a senior, you will need to fill out the Free Application for Federal Student Aid (FAFSA) as soon as you have completed your Federal Income Tax return. The most convenient way to complete the FAFSA is online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). To provide the required electronic signature, your student needs to obtain a PIN from [www.pin.ed.gov](http://www.pin.ed.gov).

The colleges your student has applied to will review the information on the FAFSA to determine eligibility for a Stafford Loan and other financial aid sources. Schools generally send out award letters in early April. To see an estimate of your financial aid eligibility, log on to [www.FAFSA4caster.ed.gov](http://www.FAFSA4caster.ed.gov).

If you find the award amount isn't going to be enough, don't panic. There are other options for help, including hundreds of scholarships. Check with Central's guidance office or visit reputable websites such as [www.finaid.org](http://www.finaid.org) or [www.fastweb.org](http://www.fastweb.org).

Many students help pay for their own education with summer and part-time employment. Your student may be able to cover some expenses through the Federal Work-Study program. This program provides part-time jobs to students, often right on campus, based on financial need.

As a parent, you can apply for a Federal PLUS loan to help bridge the gap. Each school has its own process for PLUS loans, so you should contact the school's financial aid office for information. Parents and students should also talk to their financial institutions to see if they offer alternative student loans or to explore other loan options.

As education costs continue to surge, and traditional funding sources fall short, finding alternative financing solutions will be critically important. Don't let your student put off going to college because they think they can't afford it. Help is out there - they may just need to do a little work to find it. For more information, anyone can visit Altra Federal Credit Union's College Corner at [www.altra.org](http://www.altra.org). Click on the Products and Services button and select College Corner.

# Harvest of the Month

## Pick:

- Choose firm, bright carrots without cracks that look slightly moist.
- Large carrots with the greens attached will have the sweetest flavor.

## Store:

- Remove the greens from carrots and store tightly sealed in a plastic bag in refrigerator.

## Prepare:

- The peel of the carrot is edible; gently scrub and rinse carrots prior to eating or peel if desired.
- Enjoy carrots raw or cooked by microwaving, steaming, sautéing, roasting or baking.

**April**

**Carrots**

## Nutrition Info

One cup of carrots has 52 calories.

Carrots provide vitamins A & C and fiber.

## Fun Facts

Carrots were originally grown as medicine and not food.

Despite what you see in cartoons, hares, which are wild rabbits, do not eat carrots.

Carrot varieties grown in the US are usually orange, but can also be yellow, white, red, and purple.

## Uses

Carrots are a great addition to stir fries, cakes, quick breads, soups, coleslaws, casseroles, and side salads.

Add shredded carrots to your raw beef or turkey before making burgers.

## Family Friendly Activities

Carrots are a kid favorite! Have your children help plan and prepare a meal featuring carrots cooked several ways. Try raw carrots with a dip, roasted carrots sprinkled with garlic and parsley, steamed carrots with honey and ginger, and shredded carrots added to a meatloaf. Make carrot cake for dessert!

Ask your child to compare the texture, size, color, taste and shape of carrots to other vegetables.

## Farm2School Updates

The Harvest of the Month Calendar for next school year is confirmed! Here is a sneak peek at some of the foods you will see next year: blueberries, sweet corn, cucumbers, fresh lettuce, and cranberries!

# Harvest of the Month

## **Whole Wheat Carrot Muffins**

Serves 12

### **Ingredients**

- 1 1/2 cups whole-wheat flour
- 1 teaspoon baking soda
- 1 teaspoon cinnamon, ground
- 1/2 teaspoon ginger, ground
- 1/2 teaspoon salt
- 1/2 cup butter, softened (but not melted)
- 1/2 cup honey
- 1 egg
- 1 teaspoon pure vanilla extract
- 1 cup applesauce, unsweetened
- 3/4 cup carrots, shredded
- 1/3 cup diced walnuts, optional

### **Instructions**

- Preheat oven to 350 degrees F. Line a muffin pan with paper, foil, or silicone liners, and set aside.
- In a medium bowl whisk together flour, baking soda, cinnamon, ginger, and salt.
- In a large bowl, use an electric mixer to mix the butter, honey, egg and vanilla together. Slowly add in the flour mixture until well combined. The batter will be fairly thick.
- Using a spatula, carefully fold in the applesauce and carrots. Mix in walnuts, if desired. Divide the batter evenly among the muffin cups. Bake for 22 - 24 minutes or until a toothpick comes out clean.
