

A reminder from your nutrition department.

New this year, all Hamilton Elementary students have the opportunity to receive a free breakfast and lunch each day. We are part of a program called Community Eligible Provision. This program provides all students of Hamilton Elementary free breakfast and lunch regardless of their family income. Students wishing to just take a milk will be encouraged to take a full meal or will need to have money in their account since this program is only for complete meals. The cost of milk is \$.50. We are so excited to be able to offer this to our Hamilton families. Please take advantage of this wonderful program.

All students will continue to enter their 5 digit lunch number code.

SEE YOU AT LUNCH!
