SUMMER SCHOOL ATTENDANCE POLICY

Because the High School Credit program operates on a compressed schedule, attendance at each and every session is of the *utmost* importance. Simply stated, if you are a student who is prone to absences, or if you know your family will be taking a vacation during the 17 days that the High School Credit program is in session, ***the program is NOT for you.***

The summer school principal *may* take medical illness, family emergency, or other special situations into *reasonable* consideration. It is the individual student's responsibility to clear special situations with the principal prior to the anticipated absence. Teachers maintain the right to ask for appropriate make-up work and time for any days missed. Summer camps, tournaments, etc., are not considered as approved absences.

To Register...

- Go to www.lacrosseschools.org and click on the Skyward Family Access button on the left.
- Enter your Skyward Family Access login and password.
- Click the Arena Scheduling button on the left side of screen.
- Under the **Summer School-HS for Credit** heading, click on 2021-22 under your child's name.
- In the lower right corner, you can search by Course Description. You may also search by Subject by selecting a subject area from the drop down menu at the top of the screen and click Apply Filter. It will display a list of classes that match your search criteria and your child's next year grade level. The "Class" column will be listed to verify the correct course.

Fit	Course	Class	Trm	Prd	Seats Avail
Yes	HEALTH SELF AWARENESS-SUM	431S/01	SUM	1	25

- Once you find your course, it will display how many seats are still available (Seats Avail column), if it fits in your schedule (Fit column), and displays Add if there are still seats available (Option column). Click on the Add button to add this to your schedule. It will now display that you are enrolled in this course. The system will not allow you to schedule classes that overlap.
- If you click the "Add" button for a course that shows "No" in the Fit column, it will display an alert on the screen.
- If your registration has taken the last spot for that course, it will show that "Enr" under the "Fit" column and then "Closed" under the Seats Avail column.
- If you decide to "unenroll" from a course, click on "Remove" under the Option column.
- Once you have all your Summer School courses selected, click on the View/Print Schedule tab. If your schedule looks correct, click the "Print Schedule" button to print a copy of your schedule. If it's not printed at this time, you can log into Family Access at any time and print your schedule.
- Click on the "Online Forms" button and fill out the Summer School Student Emergency form for this child. **If you have completed this form in a prior summer school enrichment registration, you do not need to complete it again unless any information has changed.**
- Repeat these steps for each additional child that you wish to register for Summer School courses.
- When finished, click the Exit button on the title bar in the upper right corner.
