

[Food service changes during virtual learning](#)

Breakfast and/or lunch will be provided on school attendance days, Monday through Friday. Families will have the option to pick-up meals or have them delivered. Take a look at the [meal pick-up schedule](#) for pick-up times by building.

Meal order forms will be emailed out weekly and must be submitted by noon on Wednesdays to be placed for the following week. Please indicate the number of meals requested along with the building you plan to pick meals up from (you do not need to pick-up meals from the school your student attends).

Meal delivery routes have now been established. If you would like to request meal delivery, please do not complete the order form, but instead, call the School Nutrition hotline number to find out if delivery to your address is available. Your order will be taken over the phone. Deliveries can be expected between 10:00 a.m. - 12:30 p.m. daily. Someone must be home to accept the meals. Meals will not be left if no one is home to receive them.

School Nutrition will continue to staff their telephone hotline for those families who are unable to make it to or missed a stop time. Families can call 608.789.5880 for assistance. School Nutrition has a limited number of drivers who will be able to make a delivery stop. The hotline is staffed from 8:00 a.m.-1:00 p.m., Monday through Friday.
