Pick:
• Choose corn with green, fresh looking husks.
• Pull the husk back to ensure the ear has plump, tightly packed kernels.

Store:
• Corn should be used shortly after purchasing but can be stored in the refrigerator with the husks on for a couple of days.
• Blanched corn can be frozen for several months.

Prepare:
• To prepare, remove the husk and silk. Wash, then grill, steam or boil. For quick and easy cleanup, microwave corn with the husk on, 2-3 minutes per ear. Then remove the husk & silk and enjoy!
