

On Tuesday October 18, we will begin our after school programming for any student who is interested! It is called ASAP (After School Achievement Program). ASAP offers a Math Center and Reading/Writing Center after school on Mondays, Tuesdays, and Thursdays. ASAP runs from 2:55 until 4:00 on those three days. It is staffed by Longfellow teachers who are there to support any interested student with reading/writing and math work.

In addition, we plan to open up our Library Media Center (LMC) on Thursdays for Club Night as an option! Although this will not begin right away, it is important for students to start thinking about club topics that they could lead with their classmates. Last year we had everything from Crochet Club to Minecraft Club!

ASAP

Time: 2:55pm - 4:00pm

Schedule: Mondays, Tuesdays and Thursdays beginning Tuesday, October 18th

Math Center: Room 1

Reading/Writing Support: Room 3

Club Night: LMC on Thursdays will be coming soon
