Dear parents/guardians:

Please see the attached map for our drop off/pick up and parking guidelines at State Road. In our attempts to decrease the spread of the virus, visitors are not allowed in our building at this time. That includes parents at drop off and pick up times. Please plan on dropping your child off either in the drop off loop from your vehicle or parking your vehicle in the lot and then walking them to their designated door (see the attached maps).

I know it will be different for parents not being able to walk into our building this year due to Covid. But there will be adults at every entrance to help the students find their way to their classroom. I promise, we will take good care of them and help them find their way!

If you plan to walk your child to the door or meet them at the door after school, please park in one of the lots in front of the building and walk to the door. Please do not park in the drop off/pick up zone if you plan to leave your car. No parent vehicles will be allowed in the staff parking lot before or after school. That area is marked off on the attached map.

Also note, both drive through areas are One Way drives. Please follow the traffic pattern.

Here is a listing of the student entrances and exits for your reference. I am confident that after a day or two everyone will have these down pat but that first day may take a little educating of parents, staff and students. In an effort to make it a bit easier, we labeled the doors by superheros as well to go with our PBIS superhero theme for the year too!

Entrance/Exit by class

Please follow the above guidelines and be appreciative of the State Road staff who may be asking you to follow a different route than you planned. We are trying to make this work for everyone and your cooperation is appreciated!

As always, please feel free to reach out with questions!

Mrs. Jac Lyga
