

We are "The Global Village"

Our international education philosophy creates an exciting learning environment that develops confident, contributing citizens in our ever-changing and inter-connected world. Global experiences occur through our curriculum, field trips, guest speakers, community partnerships and service-learning.

We believe....

Children are the world's most important resource. Solving most of the major problems facing our country today require every young person to learn more about other regions, cultures, and languages.

The ability to think globally enhances one's ability to act locally.

Student's access to information and technology connects them with global issues and peers in other cultures.

21st Century Community Learning Center

Homework Club
Monday-Thursday 2:45-3:45 PM
After School Programs
Monday-Friday 3:45-4:45 PM

Homework Club offers academic intervention and homework assistance through the connection to Teachers, Teacher Assistants, and College Tutors.

After School Programs offers enrichment opportunities in various leisure and life skill areas. Each evening finishes with a meal. Students must attend homework club to participate in classes.

Parental education and Family Nights are offered throughout the school year to promote the student, parent, and school connection.

MISSION, VISION, & VALUES

MISSION

Logan Middle School is a collaborative community that inspires continuous learning for all.

VISION

LMS students engage in the learning process as they acquire the skills necessary to become responsible, contributing citizens within our global community.

LMS staff members deliver and assess relevant curriculum that meets the diverse learning needs of our students.

LMS staff members actively build relationships in order to ensure a nurturing and safe environment.

LMS parents will support their children, school programs, and staff.

VALUE STATEMENTS

WE WILL:

Provide a safe and inviting classroom environment with clear expectations and specific academic and behavior goals.

Work collaboratively to develop instructional strategies and design methods of assessment utilizing data to enhance student learning.

Be committed to keeping parents informed about their student's progress and seek opportunities to invite their active support of our school.

Promote a positive school climate by modeling the core values that we hope to instill in our students.

Human Rights
Environmental Sustainability
Community and School Service Learning

School-wide Common Intervention Time

Logan Middle School was honored by the Department of Public Instruction (DPI) in 2009 as a **New Wisconsin Promise School**. DPI recognizes those schools in the top quartile of students qualifying for free & reduced lunch that are also demonstrating exceptional academic achievement. This award celebrates the efforts Logan Middle School makes to create a learning climate that provides a quality education for every child and to close the achievement gap between economically disadvantaged students and their peers. Logan Middle School is very proud that the DPI has again recognized Logan Middle as a **2010 School of Recognition**, which is the new name for Wisconsin Promise Schools. We will continue to make every effort to provide the best possible opportunities for learning to all students.
